VOLUME IV, NUMBER 15 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER FEBRUARY 24, 1930

YOSEMITE MINE TAKEN OVER BY WESTN. MERGER

Through negotiations completed the past few days, the rich placer ground in the Yosemite and Albert mine north of town has been taken over by the Western Merger Mines and operations are expected to commence at an early date.

The property which consists of 160 acres was last worked about 1894, when rich gravel is reported to have been taken out. The channel is said to be a branch of the extremely rich Harmony channel which was such a heavy producer in the early days. The channel has a lava capping from 300 to 500 feet thick and was formerly worked through an incline. It is the property of the W. D. Harris estate of Grass Valley.

Harry B. Skewes, superintendent of operations for the Western Merger has returned from Reno where he attended the annual meeting of the Merger and Alleghany Morning Glory companies. Both companies are expecting to be operating this spring according to Mr. Skewes, the Morning Glory at Alleghany being equipped ready for operations at the present time. He reports that A. A. Codd, president of both companies, is now out of the hospital but shows the effects of his long sojourn.

Quite a bit of Merger stock is held locally and the news that the company will commence operations again will be welcome news.

LANDRY FILES ANSWER TO WAYNFLETE SUIT

R. D. Landry through his attorneys, Nilon, Hennessy & Kelly has filed an answer and cross complaint in the suit recently brought by Walter Waynflete, publisher of the Truckee Republican through his attorney, O. E. Winburn.

Landry makes sensational charges of undue influence being brought to bear on Waynflete to stop the campaign and his cross complaint charges that his agents services were worth in excess of $1000 to Waynflete. An accounting of the contest is called for, it is asked that J. C. Edmunds be made a party to the suit and that defendant may obtain judgment in the amount of $374.25 and for costs incurred.

The cross complaint asks for damages in excess of $20,000.

MISS HELEN JONES WINS SCHOLARSHIP AWARD

The coveted membership in the Phi Beta Kappa, national honorary scholarship society, was won by Miss Helen Frances Jones last week who is a student at Stanford University. Miss Jones, who is the daughter of Judge and Mrs. George L. Jones, has shown remarkable ability in her school work and this honor sheds new luster on the family name, long prominent in Nevada City and County.

LIONS WILL FROLIC

The Lions will frolic Wednesday and Thursday nights at the Strand Theater with a topside show that promises to be a knockout as far as impersonations go and a cream from start to finish. Grass Valley and Nevada City are furnishing the male talent in a bathing beauty revue that is said to be a gogetter for laughs galore. The proceeds will be used to help defray the expenses of the district convention to be held in this community in April. Reserved seat tickets will be but 50c and 75c.

Mrs. Fred Tredennick had as visitors recently, Mrs. Edward Tully and daughter Patsy Lou of Sacramento.

Fred L. Arbogast, a former lawyer of Nevada City, came up from Oakland and attended to business affairs here. He visited his brother, J. P. Arbogast and family while here.

A roof is being erected over the second story porch of the Union Hotel on lower Main street by D. Merzetta, the owner.

RUBY MINE PAYS OFF IN REAL GOLD DUST

DOWNIEVILLE, Feb 24, (Special to The Nugget) — Probably for the first time since early '50s a Sierra county mine is paying off her miners in gold dust. This, according to Chas. Wittstruck, is the present practice at the Ruby mine, three miles south of this place Wittstruck, who is leasing at the mine, says that the operators are weighing out "dust" to employees who prefer it to cash.

ANOTHER HYDRAULIC MINE DUE TO START

DOWNIEVILLE, Feb. 24 (Special to The Nugget)—Presistent rumors to the effect that Dr. C. H. Montgomery and Major French, of Los Angeles, expect to begin development work on the Frost-Piety Hill hydraulic property this summer are in circulation here. This property, which consists of placer ground covered by town lots and adjacent ground was acquired by the present owners some time ago. A dam has been built in the South Fork near the mouth of Secret Canyon and surveys for water rights completed. While no definite plans have been made public a resumption of activities this season are practically assured.

CALIFORNIA MINING PRESS IS SENT OUT

The first issue of the California Mining Press is just off the press and is being sent out to each member of the Mining Association of California. It wil be issued at monthly intervals. Its first issue is a newsy one and contains much of interest. Enough advertising is carried to make it self supporting. R. L. Kimmel appears as the editor.

CENSUS ENUMERATORS TO BE APPOINTED SOON

According to information reaching this office from Census Supervisor H. B. Thomas of Placerville, no applications for position as enumerator will be received after February 25th. Work of taking the family starts the first week in April. The business census is being taken at present.

RECOMMENDS RELEASE

Stating that the witness whose testimony was needed in Nevada and refused to appear in court, District Attorney W. E. Wright recommended to Judge Landis Friday that the case pending against George Capelo, who was charged with burglary and grand theft, be dismissed. Capelo was released from jail a few hours later. The alleged depredations had been committed at Floriston and Capelo was arrested on the two charges and taken before Judge Ocker at Truckee who bound him over to superior court.

MRS. EDITH SOLARO PASSES

Mrs. Edith Solaro of Graniteville passed away in New Mexico recently according to advices received here. She was the wife of A. Solaro of that place and was respected resident.

DIDN'T PAY THE TAX

In the list of delinquents published by the irrigation district, appears the name of one A. L. Wisker. Wonder if that is the party who once was connected with the district in an official capacity at a handsome stipend?

County Superintendent of Schools Mrs. Ella M. Austin visited the Cherokee school during last week.

Miss Elaine Mobley, teacher in the Placer Union High School, spent the last week end in Nevada City visiting her parents, Mr. and Mrs W. L. Mobley.

J. H. Gilmore of Pike was operated on for hernia at the Grass Valley hospital last week for the removal of a hernia. He is reported as recovering nicely.

Recent visitors to the home of Mr. and Mrs. W. H. Goede east of this city, were Mr. and Mrs. Fred Harvey of Galt.

HOGE ADDS TO EXTENSIVE HOLDINGS BUYS THE DAY PROPERTY PAST WEEK

The Hoge Development Company operations in the Blue Tent and Harmony Ridge sections are rapidly reaching the point, where they are quite sure of having some very important and also quite interesting developments, within the near future.

The Hoge interests have just recently acuqired all of the Day interests, which represent the major portion of the Western Merger holdings, and put the Hoge interests in control of practically two square miles of territory that is conceded by our best local mining authorities, to be one of the most desirable gold mineral zones in Nevada county, and one that has tremendous possibilities of profitable production, from both a quartz and gravel standpoint. The acquisition of the Day properties, by the Hoge interests, puts this company with their modern new shaft and equipment, in a very desirable position for extensive and deep development, and outside of the Newmont and Idaho-Maryland, we do not know of any company in the camp, that have such large and valuable holdings in one solid connecting block.

They have undoubtedly the best operating shaft of any new company in the entire district, and everything is well laid out for an economical and successful operation.

The shaft is 3 compartment, solidly timbered all the way down to a depth of 326 feet. At the 300 level they have cut a large station with double chutes, so that they can hoist either ore or waste at the same time, with separate lines on the surface, for either ore or waste

Their station pumps are installed in series so that in the event of a break down of any one pump, the water can be handled without any serious difficulty. And as an extra precaution, they have their hoisting skips equipped to take water in the event of an emergency.

Cross cutting and drifting has already been started, for the purpose of opening up the ore bodies, that showed up such excellent prospects on the surface, and also to explore and open up the hanging wall country, that appears to have excellent possibilities for important new discoveries. The south crosscut is in about 60 feet and the north one 20 feet.

This Company has expended a large sum of money, in putting themselves in the enviable position that they are in today, and it is the general opinion, that when their development program is completed, that they shall have ample ore reserves for a continuous 50 ton daily output for a long period of time, with the probability of that being materially increased within the course of one or two years.

The Company's operations for the present are confined solely to their proven quartz ledges, and in the exploration of a new and virgin country, north of their new shaft, which shows indications of important developments, along and near the slate contact. And if these new developments should prove to be as important, as the footwall ledge, that was proven up on the surface to a depth of sixty feet, and which showed up ore that averaged over $40.00 per ton in the mill. The Company will within a very few months, be ready for the installation of a 50 ton mill. They have an excellent mill site, and their hoisting plant was laid out with the idea in mind of having ample room for a modern mill site, with a gravity operation from the mine to the mill, and just as soon as they have fully demonstrated ample ore reserves, they will take steps to install a modern and up-to-date mill, that will be capable of saving up to 95% of their high grade values.

With this accomplished, and this operation into profitable production they plan upon taking steps to open up and operate their gravel channel, which is known to exist upon a large portion of their holdings, and which produced handsomely up to and into the Hoge Company's present holdings.

This Company, therefore, as we stated have all of the necessary essentials for the development of a handsome producer, and with their modern up-to-date equipment, modern shaft etc., and an efficient and up-to-date management, they have certainly a bright outlook for their future developments and operations, and for a long period of profitable production.

TURPENTINE PLANT IS NOW BEING FABRICATED

Rebuilding of the plant of the California Timber Products Co., Inc., was actively commenced the past week with carpenters starting the building of a new plant to house the thousand and one things that enter into the refining of turpentine and resin and 140 by-pro ducts from the raw gum of our pine trees. None of the old plant will be used, even the boiler, everything being new.

It is possible that the iron cooking kettle in the first plant will be rebuilt for use. A load of stills was brought from Oakland and will be set up as soon as the plant and foundations are ready. The work will be rushed to early completion.

The work of hanging cups and tapping trees on the various tracts under contract has been started and with warm weather continuing, the collecting of the gum will be carried on. The two concrete vats contain a great deal of the first gum collected last year and while the top was damaged by the fire, the residue will be distilled and the vats cleaned out in preparation for the new gum which will be coming in shortly.

N. T. Mirov will be in charge of operations.

Mr. and Mrs. William Boyd, Mrs. E. S. Boyd and Mrs. B. O. Thistle of Sacramento motored up for a visit with relatives in Nevada City recently. Mrs. Thistle remained for a longer vsit.

William and Victor Buck came up from their ranch near Lincoln and spent some time visting in Nevada City last week.

There are 42 licensed doggies in Grass Valley. There are a number of unlicensed ones in Nevada City.

YUBA PASS OPENING WAS ACCOMPLISHED

SIERRA CITY, Feb. 18—Opening of the Yuba Pass to motor travel was accomplished today easily with the running of a scraper and removing the remaining snow. A number of cars came through and if storms do not block the summit again it is expected that the Pass will be largely used as all the passes to the south are still blocked with snow. The use of chains is advised and a shovel in case a person in passing has to get into the snow at the side.

WHITE LIONS TALKER

E. S. White, program speaker at the meeting of the Lions Club last week, had his troubles getting to Nevada City. He was held up in Auburn getting a reel of fine skiing pictures to show. After he got here it was necessary to secure a projector and the Rev. H. H. Buckner stepped into the breach, but when he had the machine set up it was found that he did not have an empty reel and W. V. Tamblyn was pressed into service to furnish one from the theatre. After the film finally started it was found that it was upside down. Aside from these minor disturbances the picture was finally shown and created a great deal of interest as it showed Lars Haugen making his near record breaking leap of 196 feet at Tahoe course.

Mr. and Mrs. Carey Arbogast and daughter, Helen, and Mrs. Arbogast's sster, Miss Katherine Kinkead motored to Sacramento and spent the week end.

H. A. Curnow, John J. Fortier, Myers Mobley and William Home spent the week end in San Francisco.

CALKINS PRAISES THE NUGGET MINING NEWS

The following is contained in a letter received by The Nugget Friday from C. B. Calkins of Chatsworth and well known in Nevada City: "I am enclosing check for renewal of my subscription. Am expecting to be up there in the near future and start something in the mining industry. I am very much interested in the mining news of The Nugget. No better paper for mining men was ever printed in that section".

Considering that Mr. Calkins was formerly in the publishing business here that comes as quite a compliment and is greatly appreciated.

SAILOR FLAT MINE IS INTO COURT RECORDS

The Sailor Flat Mining Company which officially went defunct in 1919 due to its failing to pay its franchise tax to the state is being resurrected in superior court by Mrs. Ann Campbell, one of the surviving directors. The property has been optioned by local interests who propose to work its reputedly rich gravel deposits by drift methods and the present action is to clear up any legal difficulties in clearing title. J. M. McMahon appears as attorney for the corporation.

The mine which is located in the Blue Tent section was formerly workel by the hydraulic process prior to 1883 but since that time has been idle. There is a 3000 foot tunnel on the adjoining Blue Tent property which may be used to work the Sailor Flat property. Those proposing to work the property state that the gravel appears rich enough to handle by drift mining.

PRIMROSE SHAFT IS NOW BEING DEEPENED

SIERRA CITY, Feb. 22 (Special to The Nugget)—Retimbering of the shaft at the Primrose property has been completed and sinking from the 100 to the 350 foot level is now in progress. The mine is reported as making considerable water due to the snow melting and coming down through the old workings. A crew of fifteen men is employed.

The operations are being financed by the J. F .Burkhard interests of Los Angeles. J. E. Little is superintendent of operations.

SIERRA COUNTY MINING

DOWNIEVILLE, Feb. 24—Chas. Wittstruck returned last week to the Ruby Mine, where he has a lease on the tailings. Wittstruck took a load of riffles to the mine and is about ready to wash the tailings.

J. H. Gifford, of Los Angeles, passed through Downieville Wednesday on his way to Sierra City on mining business. This is Mr. Gifford's first visit to this district in thirty-eight years.

Lavier Thomas, a local prospector, was exhibiting a nice prospect of placer gold last week, which he washed from the East Fork. The gold was quite coarse, and indicates that the "old timer" has not completely robbed our streams.

POURS LIQUORS OUT

Sheriff George Bynon poured a libation of some four kegs of jas sack to the Yuba last week following official approval being given by District Attorney H. B. Neville. Interested witnesses were County Treasurer Lambert and Deputy Surveyor Ross F. Taylor. The wetness was confiscated recently when the sheriff was invited to help unload the cargo in the rear of a building there.

SPIKED IN ARM

When helping carry a timber on one of the lower levels of the Idaho Maryland mine last week, John Caselli had a spike pierce his arm when the timber slipped.

Mitchell Hales, an aged miner and racher of the Union Hill section passed away last week.

MINER MEETING WILL BE AUBURN ON SATURDAY

A great deal of interest is being manifested in the coming meeting of the local Chapter of the Mining Association of California to be held at Auburn next Saturday afternoon, commencing at 2 o'clock. The meeting will be held in the spacious lower floor offices of James D. Stewart, chairman of the Chapter. Several 15 and 5 minute addresses have been scheduled by the chairman and following their rendition the meeting will be thrown open to open discussion. Mr. Stewart's offices are opposite the court house on the north.

It is planned at this meeting to adopt a set of by-laws and a name for the Chapter which has been functioning as a unit of the state association since last October without one.

The membership list has reached 101 with the signed application of W F. Durfee of Auburn whose name was sent in by Charles LaKamp, arlent booster for the Association. With an active membership committee at work it is expected to shove the list to 250 at an early date. With the membership fee set at such a low figure, there is no excuse for any one having any connections with the mining industry, with not joining.

It is hoped that there will be a large gathering of members and mining men at the meeting as it will only be by some such organization that the mining industry will be able to get on its feet again.

Some of the subjects to be discussed briefly are Compensation Insurance and Taxation, both lead topics with the fraternity at the present time, and particularly the former which has badly throttled development work and active operations at numerous properties. The status of the new mutual insurance company will be explained.

SIERRA COUNTY HAS INTEREST IN MINING

DOWNIEVILLE, Feb. 24—Attesting that interest in the California Mining Associaton has not waned in Serra couty, the local chapter held an impromptu meeting Friday. The main business was the urgent need of members, and a committee consisting of Geo. R. Costa, Antone Lavezzola, W. L. Carter, and R. F. Taylor were named to solicit members from Sierra county operators and mines. A meeting is planned for the near future, at which the membership committee is expected to give a good account of itself.

BROUGHMAN RECOGNIZED

Jack Broughman, who has been scoutmaster of the local Boy Scout troop was given a farewell reception at troop headquarters the other evening and presented with a fine pencil in recognitio of his efforts in behalf of scouting since he has been here. He has succeeded in bringing the troop up to near complete membership and he was given a warm vote of thanks for his efforts.

A CORRECTION

A slight apology is due our readers on the article on the Telluric company printed in these columns last week. The article was prepared some days in advance of publication due to the fact that the publisher was to be out of town for the weekend. The deal was to have been concluded and work started by the new company the previous week but due to a hitch in the former company not having some of its debts cleaned up the actual transfer of the property was delayed as a result and at the time the paper appeared shaft sinking had not resumed, as was stated.

Miss Elise Hieronimous, teacher in the Loomis public schools and Miss Adele Hieronimous, student at State Teachers College in San Francisco, visited their mother, Mrs. S. Hieronimous over the week end.

The first fire of the season is reported from the Forest Springs district where a pile of slashings being burned got out of control. But little damage was done.

COZY CORNER CHAT

WITH THE BEGINNING of rebuilding operations at the turpentine refinery Nevada City can confidently look forward to an industrial payroll of considerable dimensions in the next year or so. It is not likely that the mistakes in building the first plant in the matter of fire hazard will be repeated in the new plant. A complete new plant is to be installed and of American manufacture instead of the foreign type used before. The raw product obtained from our pine trees has been proven to have a better refined product in resin than the United States government standard, particulaly in the bright yellow color, almost a clear amber. That factor is doubtless what impelled the Fuller insterests to proceed with the rebuilding of the plant. With a well nigh inexhaustible supply of raw product available there is no reason why the operations should not prove highly profitable to the operators as well as Nevada City. The Nugget is proud of the part it played in the early commencement of the industry here at a time when many of the timber owners were fearful lest the mistakes made in tapping operations in the Southern states where whole forests were destroyed, would be repeated. The tapping so far conducted has proven that the light method used locally does not injure the trees for continuous flow of gum and that the trees are in a vigorous condition. The proceeds from the tapping operations will prove a bonanza for the owners of timber acreage who have had a lot of it on hand largely useless for revenue aside from wood cutting. The digger pine, largely considered useless except for wood, has now been shown to have a gum that is excellent for the making of resin and the various by-products. Nevada City has a big industrial future in prospect.

THE WORK OF OUR Chamber of Commerce in sponsoring the improved street lighting for the business district is to be highly commended. Its first move in this regard was the flood lighting of the court house and now with the new street lighting almost an assured fact, the Chamber has proven its capability as a civic improvement organipation. The Chamber is the one male organzation in any community which does not have membership restrictions and in this regard it is essentially an institution which should be generously supported at all times. Its work in sponsoring a Class A airport is worthy of note and it is to be hoped that its efforts will be crowned with success.

THERE IS A CHEERFUL sound about the toot of the little narrow gauge as it makes its meandering trip to and from Colfax each day. We may poke fun at its appearance in jest but it keeps us on the map as nothing else can. Look up your map of the United States and see if there are any cities of consequence off the line of a railroad. If Nevada City and Grass Valley are to maintain contact with the outside world they will have to support their railroad in sufficient amount to keep the wheels moving. It is a vital matter to the communities that their railroad be kept intact as well as for those public spirited citizens who rescued it from the brink of disaster. Patronize your home railroad! AAW

SENIOR CLASS MEETING

Thursday, February 20, the Seniors held a class meeting during the seventh period.

In order to create interest in the literary work of the Quill, it was decided that a prize of five dollars should be given to the best story or sketch of fifteen hundred words, and honorable mention to the second best. A prize of two and one-half dollars will also be given to the best poem with honorable mention to the second best.

A class motto was discussed and several read but none was decided upon. A class flower was also discussed but the question was laid on the table until the girls decided upon their dresses.

Committees were appointed by the president in connection with the Senior Farce. The stage and properties committee is as follows: Holden Pierce, Walter Huson ,Floyd Stenger, Florence Smart and Isobe Flynn. Those on the advertising committee are: Myrell Greathouse Lill James, Verne Gleason, Edit' Casci and Francis Horwedge.

As there was no further business, the meeting adjourned.

J. H. WARNE PASSES

SMARTVILLE—The passing of J. H. Warne removes one of Smartville's picturesque residents. For 54 years he had been a resident of that section an dwas probably one of the state's pioneer fig growers. The services were conducted from the Methodist church by the Rev. Peter Ruf.

"See me about a telephone before the next rain!"

Last night Mr. Brown had to go out in the rain to telephone.

This was because the Browns have no telephone at home.

He went out to a public telephone at the drug store to send a private call. But when he got there, the first call he sent was to the Telephone Company, and he said:

"Come and talk to me about a telephone before the next rain!"

WASHINGTON'S BIRTHDAY

(Editorial)

By Katherine Parsons

Another birthday anniversary of the Father of Our Country was celebrated during the past week, on Saturday, February twenty-second.

Every American knows a great deal about Washington's life. Of his character, the most important thing to remember is that Washington was distinguished less by the brilliancy of his talents than by his moral strength, sound judgment, and plain but excellent understanding.

The position that George Washington has in American History was stated in a resolution introduced in the House of Representatives five days after his death: "First in War, first in Peace, and first in the hearts of his countrymen". We know that this resolution was and still is true.

It is well to remember that from the time Washington drove the British out of Boston, March 1776, until his death he was the foremost man on the continent.

Today Washington holds a large place in our hearts because of his unequalled part in founding, establishing, and making our nation what it is today.

ATHLETIC NEWS

Grass Valley Vs. Nevada City

Friday February 14, the Nevada City "A" team lost their championship by two points to Grass Valley after a hard fight. When the whistle blew the final score was 24—22.

Our reliable "B" team proved to be better than Grass Valley and won their championship by a score of 33—14.

The first game of the night was between the Basketeers and Teddy Bears, both being teams evenly matched. When the final whistle blew Nevada City was ahead by 1 point with a score of 10—9.

The B team has been practicing hard last week in order to try to win the championship from Auburn next Friday.

Track

Mr. Pedersen announced Monday, February 17 that he was going to start track and any student interested in track could help improve the grounds Tuesdays and Thursdays during 7th period.

The N. C. H. S. has brought a large supply of equipment for track and baseball. All the boys are trying to have a good track and baseball team this season under the coaching of Mr. Pedersen.

Tennis

It has been announced that tennis will be started in the next few days, if the weather is favorable, since the court is in good condition.

A New Sport

The Grls' Physical Education classes have decided to have a new sport this year which is to be "Horseshoes". Certain girls from each class are donating the Horseshoes and pegs for the new sport.

Miss Leschinsky plans to divide each class into two sections to test their skill.

The basketball season after a very successful year is now over except for the game of our "B" team with Auburn's "B" team. This game will decide the championship.

The boys are now playing baseball, while the girls are planning for some newsports. These include archery, horseshoes, and volley ball.

CALENDAR EVENTS

The Senior Class has decided upon the dates for their various events. A food sale will be held March 1; Senior Farce, April 9; Senior Ball, May 23; Senior Banquet, May 28; Senior Examinations, May 29 to 30; Baccalaureate Sunday, June 1; Commencement, June 5. The dates of the following events have not been definitely decided. Senior Girl's Stag Party, Senior Assembly Program, and Senior Skip day which, of course, will be a secret.

Mr. and Mrs. Louis Bassaneili formerly of Grass Valley, came over from Reno and attended the funeral of the late Mrs. Mary Ravo.

SENIOR FARCE CAST

The cast for the senior farce, "The Peekaboo Lady", which is to be presented on Thursday, April 10, has been chosen. Mrs. Hulen has chosen the cast as follows.

I. Wood, a clerk—Addison Janes
I. M. Cash, a wealthy banker—Harrison Randall.
I. O. Cash, his twin brother—Bob Beegel.
Ima Springer, the girl—Vivian Cerro.
Crystal Springer, her aunt— Grace Towle.
U. R. Due, an inventor—Milton Masters.
Miss Deal Due, a modern flapper—Helen MuCullough.
Em-ma-Lem-Mon—A Swedish maid—Lena Ghidotti.
Charles Ashton, a student of law—Bill Rector.
Trixie Trix, a dainty little miss—Dorothy Tamblyn.
Annabelle, about 20—Nadne Sutton.
Florinne, about 18—Thelma Boreham.

HONOR SOCIETY

The members of the Nevada City High School Scholarship society are looking forward to an annual event It is the annual convention of the scholarship societies of northern California this year. It is being held at Auburn, March 22.

PEP ASSEMBLY

Friday afternoon a pep assembly was held the seventh hour to advertise the game that evening and the Quill. Different members of the staff represented the various sections of the book. Ann Williams representing the Faculty came in with spectacles on nose carrying a long switch. Harrison Randall and Cecelia Genasci came in dressed in party outfit as the Society couple. Dorothy Tamblyn was a tennis star, Grace Towle represented the Girls' Basket Ball team and Lois Eden, hockey. For the boys' sports Holden Pierce represented the Boys' Basket Ball teams, and Bob Polglase, the Boys' Baseball. Nadine Sutton and Margaret Rector walked in reading and writing to advertise the liteary section. Following this Vivian Cerro dressed in a clown suit acted for the joke section.

The stunt closed with Madeline Himes and Bill Rector dressed in old fashioned garments hobbling in for the alumni. Addison Janes then solicited subscriptions for the Quill and collected an initial deposit of twenty-five cents.

ASSOCIATION LUNCH

The Girls' Association were the sponsors of a luncheon that was given at the high school on Thursday, February 20. The price of a ticket for the luncheon was twenty-five cents but everyone thought that it was worth it. The girls served many good things such as sandwiches, hot-dogs, cake, olives, salad, etc.

The purpose of the luncheon was to raise money to buy new curtains for the theatre to be used for the senio farce and other plays. The curtains that have been used in past years are old, and the girls thought that the curtains they ae going to buy will last and will give the theatre a good appearance. The proceeds from the food sale amounted to $25.00.

MINING PERSONALS

E. F. Ballard and O. Opland stopped over in Nevada City enroute to the Brush Creek mine in which they are interested.

Henry Paine, mining man of Lake City was a rectnt business visitor.

ART EXHIBIT

An art exhibit is to be held Mother's Day, May 4, at the high school. The collection contains one-hundred fifty pictures, which have been shown in the schools of California. In order to pay for the cost of transportation there will be a small charge for admission. The proceeds left over will be used to buy new pictures for the school.

A CORRECTION

In last week's Nugget it stated that the Senior Farce was to be coached by Mrs. Hulen and Mr. Kjorlie. It is to be coached only by Mrs. Hulen.

A CHAT WITH AN OLD TIMER

By J. M. Swazey

One day I met an old timer
I nodded as I passed on by;
He was bent and worn and feeble
But his spirit still soared high.

So I stopped a moment to chat awhile
And to pass the time of day;
So we sat together near an old wood plie
And said what we had to say.

What is your name and age son
And where do you happen to dwell?
So kind of amused and half in fun
I said, I live in French Corral.

So then I asked him, his name, too
And if he'd lived here long;
His kind old eyes, turned a deeper blue
And I thought that I'd done wrong.

But turning to me, with a kindly smile
And a twinkle in his mild blue eye;
He told me he'd traveled the whole world o'er
And now, he'd come home, to die.

I've passed the 70th milestone son,
And soon will be called away;
But before I go to meet my God
There's something I want to say.

You told me a while ago, son
That, you lived in French Corral;
I know you said it, half in fun;
But now I've something to tell.

I'm old and worn, and feeble son,
But once I was young like you,
And full of pep, and ready for fun
And I lived at French Corral too.

But now my hair is gray, son
And I am young no more;
Im' old and worn, and bent with age,
And my working days are o'er.

I worked at French Corral, son,
In the year of Ninety-two ('92)
When she was in her prime, son
And she was a big town, too.

Gold was there, for the taking, son
And those days we lived care-free;
For our neighbors were kind and sincere.
And their favors were many, and sincere,
And their favors were many, and free.

But now, she's just a (Has Been), son
The days of her Glory are past;
And she's old, and faded like a dream,
Awaiting the Grim Reaper's slash.
The best of the Gold is gone, son.
The brush and trees, have replaced
The cuts and places, we worked in,
And (Time) their beauty has erased.

But my memories will linger on, son,
And in God, my thoughts I'll abide.
I know those old timers I'll meet again
When I cross, the Great Divide.
So I guess I'll mosey along, son,
Now that I've had my say.
When you think of the Ridge, please think of me,
'Twill help to brighten my way.

I have no regrets, for the hour I passed
With the Old Timer, passing the time;
But I wished he'd of lived a little while longer
For the Ridge, WILL be back in her prime.

Mr. and Mrs. W. H. Landrigan went to Timbuctoo and attended the trail marking ceremony. Mr. Landrigan was born near the sport whee the marker was placed.

W. G. Fenton of the Tom and Jerry mine near Saylor Flat has returned from San Francisco where he spent several weeks.

Mr. and Mrs. M. M. Coughlan were visitors with relatives at North Columbia.

J. C. Knox of Napa is visiting George E. Walling. Mr. Knox conducts a store at Lake Tahoe during the summer, while Mr. Walling is caretaker of the Forest Service camp grounds at the lake.

Mr. and Mrs. Charles M. Cole of Washington were recent visitors.

SMARTVILLE LOCALS

SMARTVILLE, Feb. 15, —Miss Retha Downey has returned from a visit with her mother and sisters in Fresno and also at Nevada City.

Mrs. J. Quinkert is recovering from severe cold.

Smartville was well epresented at the Marysville celebration and at the dedication of the historical marker at Timbuctoo.

Henry Magonigal is reported as convalescing from an attack of the smallpox.

Wm. Wright was a recent visitor in Nevada City.

James K. O'Brien and Miss Helen were up from San Francisco to make a short visit at their home here.

Mr. and Mrs. C. E. Colling were visitors recently in Marysville.

Mr. and Mrs. E. J. Douglass have returned from Sacramento where

William Litchenberger of the Brush Creek mine was a business visitor durng the week.

LIGHTING DISCUSSED BEFORE THE CHAMBER

The plan of installing street lighting in our business district came before the meeting of the Chamber of Commerce last week and receved enthusiastic response. Representatives from the Pacific Gas and Electric Company were there with colored slides depicting the various types of lighting unts and charts and graphs illustrating how modern lighting removes the shadows and puts light where it will do the most good. The speakers had their subject well in hand and the talks were highly instructive. Much local interest was manifested.

One point brought out that was important was lighting conditions should dictate where each light should be placed rather than local selection to please some property owner.

they attended the funeal of a relative.

FOR THE SPRING GARDEN

We have a full line of Fresh Garden Seeds, Lilly Brand, in every variety you will want to plant. The best seeds you can get anywhere.

A Full Assortment of Garden Tools—Hoes, Rakes, Shovels, Spades, Trowels, Forks, Pruning Shears.

Lilly's Morcrop will make your garden grow. A fine fertilizer at a moderate price. Large package 65c

Grozit in 100 lb sacks is an excellent buy.

Use Lilly Tobacco Soap Spray for your rose bushes. Kills plant lice quickly and cheaply.

Crebent Lawn Seed makes a fine llawn.

LANDMARKS DISCUSSED BY BELLE DOUGLASS

The following report on historical landmarks in the vicinity of Nevada City as prepared by Mrs. Belle Douglass and presented before the Woman's Civic Improvement Club at its meeting last week is of such interest that it is reprinted at the request of a number of our readers:

Some weeks ago I was asked by this club to suggest a design for a marker to be used by the highways and to suggest insteresting landmarks for the entertainment of visitors.

In reviewing the history of Nevada City and Nevada county to determine points of interest, I hesitate to declare myself accurate or exact in any case, as proof is difficult to obtain, but I give you my impressions herewith trusting to bring about publicity that will invite discussion, and a possible settlement of such items as are doubtful.

Landmarks are such by virtue of their interest and attraction as historical points to distinguish locations of true or fictional incidents. Maybe we have delayed too long and many things that would interest tourists have been completely destroyed or oblitereated.

Fictional Landmarks

Fictional landmarks play an important part in Southern California. For instance, Ramona's Cottages are numerous. On almost every line of sight-seeing stages the guide will plint out Ramona's Cottage Scarcely a traveler but has read Ramona which I hve heard on good authority is entirely fiction. When Helen Hunt Jackson was writing the book she stayed at a little southern home and heard her landlady call the daughter of the house, "Ramona". The name appealed to her, and she said "that will be a good name for my biok". However as it may have there is enough romance in the heart of the average tourist to accept the statement of the author and be pleased. In fact so real has Ramona become that when I was in the south two or three years ago while preparations were being made for the annual Ramona Pageant at Hemmet the committee received a letter from a half-breed man asking for a royalty on the play because he was the son of Ramona.

For a fictional landmark we have Selby Flat, the scene of the "Diary of a Forty-niner". And it is not all fiction at that.

In Monterey, San Francisco and many other cities, the oldest house or building in town is a point of interest. To my knowledge the oldest house in this town is that of Mrs. Lester on Spring street. It withstoid the fire of '56. My mother often told of the struggle to save it. Mrs. Davis, mother of Mrs. Lester carried wet blankets and buckets of water from the creek. She woked alone as the men of the town were busy elsewhere. She had just bought a paid of carpet slippers, and before the conflagration was controlled the soles were entirely worn off of them by the trips to the creek and back.

The oldest brick building I think is the Blasauf Brewery on Spring street. The red brick castle on Prospect Hill was built in the 60's by Mr. Williams at a cost of $6000, which was "going some" in those days. The owner was a very hospitable citizen and entertained visitors of not, especially members if the Good Templars, in whom he had a fraternal regard.

The Baptist Church was the scene of the first appearance of Emma Nevada, noted opera star. She was a tiny child, about three years old, and to be seen was placed upon a table, and draped with the National Flag while she sang "The Star Spangled Banner". To be sure what was once a church is a church no more, so possibly we could not use that as a landmark.

Horticulturists would be interested in the Felix Gillet Nursery. The name of Felix Gillet is known throughout the world through his efforts in walnut culture, and the records of the horticultural department of our government will bear me out in stating that he made for this section a universal reputation by developing a barren hill into a thriving nursery.

The Pioneer Cemetery could be made a scene of interest. There rests a son of General Sutter, Alphonse Sutter jiined General Walker's forces in Central America and there contracted an incuable malady and having relatives in Nevada City he cme here for rest, and the advantageous climate. The Native Sons have erected a marble shaft and surrounded the grave with a pretty iron fence, and each Memorial Day honor the spot with a floral tribute.

Then too we have the grave of Henry Meredith. The inscription on the monument erected by the citizens of Nevada testify to his valor and prominence .There are many tales to be told of the deeds of that fight with the Indians in which his life was taken.

Relics of the hydraulic mining would interest tourist. The Hirchman Diggings west of town and Manzanita on the east, which latter can be viewed from the new highway. The Tahoe Ukian Highway trails for a distance the old pioneer road through Bear Valley, passing the lone grave which is already marked.

The location of Dr. Caldwell's store the first building in town, is described in the various histories, differing one from the other, which leaves a doubt in the mind of the student.

I once heard Dr. Hunt say that he was one of the group who met there and named the town. That it stood about where the gas house later was built, and which would be the scene of our present auto camp.

One history says "Nevada Street, back of Main street, on the slope of Aristocracy Hill."

Another says, "about where the first school house was, on Nevada street".

The school house was about where the Epicsopal Church is now.

My deductins are therefore that it stood on the ravine leading to Deer Creek, about where Mr. Ott's office is. I have endeavored to interest members of the Club in finding a design for a marker, and also the suggestion of a slogan and have had very little aid.

Might I suggest that if possible tourists be presented with leaflets or a pamphlet with tales of early times, say about one hundred or one hundred fifty words in each story. To my dea they could be cheaply prepared and would be more interesting than the pictures of modern homes, etc., that are now being used.

We might include the fact that Nevada City, like Rome, is built on seven hills, and tell why the names, Piety, Aristocracy, Prospect, Wet, Boulder, American, Lost, are given.

CAMPTONVILLE PERSONALS

Gravel Range Lodge No. 59, at its regular meeting Friday evening installed officers for the ensuing year, the following officers taking their places: Worshipful Master, William O. Grant; Senior Warden, William A. Lang; Junior Warden, Julius E. Pauly; Secretary Earl L. Cleveland; Treasurer, Fred J. Joubert. The appointive officers for the year are: senior deacon, Acton M. Cleveland; junior deacon, David Lewis; marshal, Fred C. Kendall; senior steward, J. C. Merriam; Junior steward, C. L. Mix; chaplain, tlyer, William B. Meek.

Joseph Halkyard and son, Raymond, arrived Wednesday from Grass Valley.

Henry H. Meyers of Downieville passed through town Thursday enroute to the lower country.

Mr. and Mrs. B. F. McNaught and son, and M. E. Whittum motored to Grass Valley Thursday.

John J. Kelly of Moonshine was in town Wednesday.

Mr. and Mrs. Seymour G. Smith and children left Wednesday for a visit at Los Angeles, going down to attend the wedding of Mrs. Smith's sister.

William O. Grant left Tuesday for Sacramento.

Miss Babe Sigourney is visitng friends in Modesto.

Mr. and Mrs. J. H. Fuller of Marysville were recent visitors at the home of Mrs. F. T. Nilon.

F. A. Lands, Forest Ranger of Sierraville was an official visitor during the week.

NEW AD MANAGER FOR THE J C PENNEY FIRM

The Nugget, which is one of the 2000 newspapers in the United States regularly used by the J. C. Penney Company for its store advertising, has been advised by Manager Earl L. Covey of the Grass Valley store, of the appointment of J. A. Fitz Randolph as national advertising manager for the company which has a large string of stores operating throughout the country.

Randolph is thoroughly sold on the value of newspaper advertising to the businessman and the company will enlarge its present elaborate program. The Penney advertising is the largest newspaper campaign put out in the department store field by one organization.

Randolph has authorized the following statement:

"The local newspaper is the strongest local force in the development of the community and in the activities of community life.

"Throughout its entire history, the J. C. Penney Co., has been a supporter of the local newspapers and our present plans include the expansion of our expenditures for newspaper advertising in all store locations.

"Modern merchandising, especially in the dry good field requires the ability to reach a nationwide market on extremely short notice as important style developments take place.

"Women everywhere are familiar with what is taking place in the style centers of the world, largely through their local newspapers with their style news services and the sucessful local merchant must be able to tell the story of his merchandise simultaneously with the news stories.

"The flexibility of control of newspaper space, the fact that the newspaper is a local institution serving local needs, nd the fact that every worth-while home in the country now has its news paper, are factors in modern merchandising which cannot be discounted".

Among those attending the funeral of the late Fred Courts were, Mr. and Mrs. Oliver Maffei of Sonora and R. F. Luden of Oakland.

Mr. and Mrs. Fred Miller were Sacramento visitors last week.

Mr. and Mrs. H. Curnow and Mrs. Ray Sparnon visited in Sacramento.

Carlton W. Peaslee visited in Loomis last week.

Wm. Levee of Lowell Hill was a recent visitor in this city.

Mr. and Mrs. Kern Fogarty of North San Juan were recent visitors in this city.

Miss Mina Cobbeledick, who has been suffering from a cold which she contracted on a trip to Dutch Flat, resumed her duties at the court house with the Interstate Title company.

A. F. Thore of Tyler visited in Nevada City recently.

Mrs. L. H. Christie of Glenn county is looking after property interests on Alta Hill.

SEND IN YOUR MEMBERSHIP TODAY!

The mining industry needs an effective organization at once if it is to be rehabilitated and placed on a par with the industry in other metal producing states and made attractive to investing capital. The new state mining association is already functioning in an effective manner, although but two months old. A mutual insurance company is being incorporated which should reduce the cost of compensation insurance two thirds by another year and lift this heavy cost from the mining industry. If you want to see the industry flourish once more, you as an individual are going to invest five dollars a year to help bring this about. Sign the application blank below and send with your remittance to A. A. Willoughby, Secretary, Nevada City, Calif. Receipt will be mailed.

APPLICATION FOR MEMBERSHIP

I hereby make application for membership in the Mining Association of California and subscribe to the purposes and policies of the organization as outlined in the by-laws of the association.

Warm guests--

when there is heat at a finger's touch

During a social evening, does some member of your family interrupt the party to fuss with the furnace?

With gas fuel burning in your furnace, a thermostat or a push button regulates the temperature. No annoying trips to the basement. No bother about starting a fire when friends come — a finger's touch gives you instant heat. And any healthful temperature is maintained throughout your home.

With clean gas fuel, the curtains, wall-paper and furniture retain their fresh cleanliness. There is no smoke or soot about your property.

Even though you have no basement, there are fine types of gas-fired heating equipment for your home.

For full details about heating equipment that burns gas fuel, see a heating contractor or telephone or call at our office.

FRENCH CORRAL ITEMS

FRENCH CORRAL, Feb. 22, S(pecial to The Nugget)—Well, the balmy spring days we have been enjoying, have given way to rainy weather and the wind and rain of Wednesday night made it seem quite wintry again, and Thursday, rain, hail and sunshine, kept us guessing. No matter what the storm king does, the spring blossoms are here. Almonds and apricot, and the yards ablaze with "Japanese Quince". A few more fine days, and the children will be gathering the buttercups and "Johnny jump-ups".

The first thing we must give last Friday's school program, which we think was fine, and better still, for having been managed by one of our little school girls. We think litlet Irene Browning gives good promise of being on Nevada county's list of teachers in the coming years. The program which all enjoyed, was the following,—but first we must mention that the schoolroom was appropriately decorated, to remind us of the days we celebrated in February,—12th, 14th, 22nd,—Lincoln's, St. Valentine's and Washington's birthdays.

The Program —

(1) Persian Market—By French Corral Band, D. Browning, leader.

(2) Chinese Temple,—By French Corral Band, Irene Browning, leader

(3) "Makers of Our Nation", recitation— Richard McMinn.

(4) "Lincoln Couldn't", recitation—School.

(5) Recitation, an original poem by our honored guest and Civil War Veteran, —E. De Prati

(6) Reading, "Our Great Presidents"—Dean McMinn.

(7) "Lincoln"—Song by School.

(8) Lincoln, Liberator and Martyr, recitation—Edwin Clark.

(9) "Lincoln", acrostic —Irene Browning.

1(0) Gettysburg Address—Willie Browning.

(11) Lincoln, reading —Irene Browning.

(12) Captain, My Captain, recitation—Dean McMinn.

(13) Washington's Birthday, song —School.

(14) Portrait of Washington, recitation—Richard McMinn.

(15) Washington—French Corral Band.

(16) St. Valentine, recitation—Edna Clark.

(17) My Valentine ,recitation—Andria Dalberg.

(18) A Valentine for You, recitation—Edwin Clark.

(19) Xylophone Solo—Richard McMinn.

(20) "Star Spangled Banner"—School and All.

Salute to the Flag.

Then followed distribution of Valentines, and dainty refreshments

W. E. Moulton made his usual business trip to Marysville.

Miss Louise Moulton came from North Bloomfield to spend the week's end at home.

Brs. K. Broyles returned to her home in Sacramento Sunday after spending the past two weeks with friends in French Corral.

Mr. and Mrs. J. Wolff and sons, Jack and Don, and Mrs. Lydia Wolff of Grass Valley, where Mr. Wolff is special agent for Standard Oil Co., and Mrs. Bahls, and daughter of Ridge and Nevada City, and Miss Thornton of San Francisco formed an auto party who enjoyed a picnic at French Corral Sunday.

Mr. and Mrs. B. Wilcoxson of Drum Power house, visited Mr. Wilcoxson's mother, Mrs. J. W. Culver., Sunday.

Mr. and Mrs. Geo. Calanan and Mrs. Kronhammer and Miss Frieda Hieronimous of Nevada City enjoyed an outing in French Corral Sunday.

W. P. Clerkin, who has been spending the past three weeks near Brown's Valley, returned to his home near French Corral, Sunday. He returned to Brown's Valley Monday to attend his range cattle. He was accompanied by H. Hoskins of Buttermilk Bend.

FRENCH CORRAL ITEMS

Willie Browning, who has been ailing for a few days, was hurried to the a Grass Valley hospital Monday for an operation for appendicitis. Although the case is critical we learn that the patient is resting fairly well.

Mr. and Mrs. F. Browning made a trip to French Corral to bring Mr. Browning's nephew, Willie Browning, to Grass Valley and the hospital. Mrs. A. Browning accompanied her son.

M. O'Conner of Birchville, and sister, Miss Agnes O'Conner, returned from Sacramento Thursday.

SOCIETY HAPPENINGS OF THE PAST WEEK OF VICINITY

MISS MARDEL PEARCE WEDS LELAND PAINTER

Miss Mardell Pearce, daughter of Mr. and Mrs. W. J. Pearce was recently wed in Downieville to Mr. Leland Painter of Grass Valley. The couple will make their home in Grass Valley where the groom is engaged in the electrical business.

MRS. KILROY AND W. E. WRIGHT LEAD AT BRIDGE

Leaders in the Elks bridge tournament at the conclusion of the third evening's play are Mrs. E. J. Kilroy in the ladies' section and smiling W. E. Wright in the men's dvsion. Closely followng are Mrs. E. C. Uren and Meyers Mobley. The final round of play will take place tomorrow night and an exciting finish is looked for. W. V. Tamblyn, who lead the field in the previous tournament is 1000 points behind the leader but promises to make up some if not all the lost ground in the windup.

MRS. W. L. MOBLEY WAS DELIGHTFUL HOSTESS

Mrs. Walter L. Mobley on the occasion of her natal anniversary last week entertained a number of her intimate friends at her home. Sewing and social patter made up a very pleasant occasion and toothsome refreshments were served by the hostess.

The sophomore class of the high school held a food sale in the Odd Fellows building Saturday.

AURORA CHAPTER WILL HONOR 50TH ANNIVERSARY

Aurora Chapter of the Eastern Star, Grass Valley, will celebrate its golden anniversary this evening with a social evening at Elks building. There will be a program between 8 and 9 followed by dancing for the remainder of the evening. Buffet refreshments will be served. Mrs. Rita Curnow is Worthy Matron of the Chapter. A number of members of Evangeline Chapter are planning on going to Grass Valley for the occasion.

MRS. A. M. HOLMES WAS A CHARMING HOSTESS

Mrs. A. M. Holmes proved a delightful hostess to a number of Nevada City and Grass Valley ladies, members of the Wednesday Afternoon Bridge Club, at a Grass Valley tea room Wednesday. Bridge was played following which dainty refreshments were served.

Births

BORN—To Mr. and Mrs. Melvin Porter of Grass Valley, Monday, a daughter.

RAINY WEATHER ON

After several weeks of balmy Indian summer weather, the weather man shook up his pepper can a little the first of the week and provided us with over an inch of rain and some hail. In the higher elevations a quantity of snow fell to gladden the ski enthusiasts who turned out in force at Lake Tahoe Saturday and yesterday to witness the events.

San Francisco had a freaky storm with lightning and thunder thrown in. The storm was general over the state and did but little damage to blossoming fruit.

Read The Nugget mining news.

GRAY HAIR IS EASILY DARKENED

Tells How She Did It With a Home-Made Remedy

Mrs. E. H. Boots, a well-known resident of Buchanan County, Ia., who darkened her gray hair, made the following statement:

"Anyone can darken their gray or faded hair, and look twenty years younger with this simple remedy, which they can mix at home. To half a pint of water add 1 ounce of bay rum, one small box of Barbo Compound and ¼ unce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. It does not color the scalp is not greasy and does not rub off. It will make a gray-haired person look twenty years younger."

CHEROKEE PROSPERS

CHEROKEE, Feb. 22, (Special to The Nugget)—Mass was celebrated Sunday in St. Patricks church in Cherokee by Rev. Father Scott.

James Brophy and wife and son of Hammond were visiting Mr. Brophy's aunt, Mrs. W. H. Hustler of Columbia Hill on Sunday.

Mrs. L. Day and Mrs. T. Flynn of Cherokee attended the Pocahontas meeting in Nevada City Monday night.

Mr. and Mrs. Wolf of Cherokee were business visitors in Nevada City Tuesday.

Mr. P. Johnson and Miss B. Mahoney of Columbia Hill were business visitors in Nevada City Monday.

Mrs. Herb Costa was called to Gerber Tuesday by the serious illness of her little niece, Mary Puller wha has taken a sudden change again for the worse.

Ms. Ella Austin, Superintendent of Schols, aws a visitor at the Cherokee school Tuesday. Children all enjoy a visit from Mrs. Austin.

The many friends of Billie Browning of French Corral were sorry to hear of his sudden illness and hope he will fully ecover.

Joe Swazey of the Siberia mine who has been visiting in Nevada City and Grass Valley, returned to the mine Tuesday evening.

All were glad to see the much needed rain as farmers can plow now. The snow made the ground very hard and it couldn't be plowed till we had a rain.

James Phelan was a visitor in San Juan Thursday.

ENTERPRISE . . .

Enterprise . . . the courage to plan boldly . . . the will and the energy to achieve. In eighty years, Californians have transformed a primitive frontier into a rich economic empire, ranking among the foremost states of the Union.

For seventy years, this Bank and its predecessor institutions have been serving these enterprising Californians, planning with them, building with them.

The strength of the Bank of America is seasoned strength. Its ability to serve is the outgrowth of experience. Its growth is the reflection of the financial progress of more than half a million depositors.

In 102 California communities, this strength, experience and growth are giving stability and impetus to individual and civic development. Your account is cordially invited on this basis.

Among all the State's assets, the enterprise of her citizens ranks first. California's continued progress, steady and sound, is assured.
